

I feel I have the right not to be bothered or harassed with unwanted soliciting. I don't feel you or anyone else has the right to insist that these rude people call me when in fact I am not interested in wasting repeat WASTING my time with their nonsense. Most of the time they are fraudulent with their information and you the FCC does not help with these problems at all. I pay for my phone and do not feel they have the right to annoy me to death.
